**Product  
Tour**

<b>Brand</b>	Shining Star
<b>Model</b>	SS6001-N95
<b>N95 TC Number</b>	TC-84A-8125
<b>Approval Date</b>	12/18/2018
<b>Manufacturer</b>	Shining Star Electronic Technology Co., Ltd
<b>Style</b>	Headstrap
<b>Welding</b>	Yes
<b>Size Level</b>	US average size

## Feature:

- The foldable design is easy to carry during trips or work.
- Invisible nose clip keeps sure a custom fit and seal.
- Elastic head straps with the right tension allow a longer period of donning and suit various facial sizes.
- Light construction brings comfort to wear.
- Latex-Free.
- Compatible use with other personal protective equipment, such as face shields, goggles, glasses, and other eyewear, safety helmets, hard hats, earmuffs, and more.

Yangmei Dist. Taoyuan 32668  
Taiwan

Dear Mr. Huang

The National Institute for Occupational Safety and Health (NIOSH) has reviewed your request accepted July 18, 2017. This request was for approval of the SS9001-N95, air-purifying filtering-facepiece respirator for protection against particulates at N95 filter efficiency level. The complete respirator configuration is detailed on assembly matrix, file [L:\NIOSH\SS9001-N95AMRI.xls](#), revision 1.0, dated: June 20, 2017.

The site qualification was conducted at your facility in Hangzhou, Zhejiang, China on January 16, 2018, and your responses to the Corrective Action Requests (CARs), specifically CARs 21670-01 through 21670-05 have been accepted and all the nonconformance issues related to the site qualification have been resolved.

This request is granted. Approvals are granted only for documentation written in the English language. It is the manufacturer's responsibility to correctly translate materials desired to be produced in languages other than English. Approval number TC-84A-8084 has been assigned. This respirator is approved for protection against particulates at a N95 filter efficiency level.

The final respirator approval label is included as an attachment to this letter. The abbreviated label has been accepted as submitted. The cautions and limitations which apply to this approval are on the approval label. Only those assemblies affected by this request, or where new approval numbers are assigned, apply to this approval action. Production approval labels cannot include information on unapproved configurations.

The approved assembly consists of the parts as listed on the approval label and the assembly matrix. Parts are to be marked with the numbers indicated on the approval label in a legible and permanent manner (marking cannot be removed without evidence of its previous presence).

Page 2 – Mr. Michael Huang- TN-21670

This certificate of approval is not an endorsement of the respirator by NIOSH, and such endorsement shall not be stated or implied in advertisements or other publicity. However, you may publicize the fact that this respirator has met the requirements of Title 42, *Code of Federal Regulations*, Part 84 (42 CFR 84).

No changes may be made to any respirators and accompanying documentation without prior written approval of NIOSH. Requests for changes must be submitted to NIOSH and a modification of this approval must be granted before changes are made.

Sincerely,

Jeffrey Peterson  
Chief, Conformity Verification and  
Standards Development Branch
